Certified NP Saechao Joins SLH Cardio Team

Board Certified Nurse Practitioner Nay Saechao, CCRN, AGPCNP-BC, has joined the St. Lawrence Health Cardiology team. Her office is located at Massena Hospital, third floor, 1 Hospital Drive, Massena.

Ms. Saechao is certified by the American Nurses Credentialing Center, and earned her Adult Gerontology Primary Care Nurse Practitioner (AGPCNP) degree through the University of Cincinnati, Ohio.

She comes to St. Lawrence Health with 20 years of Registered Nursing experience; mainly in cardiology and critical care.

"I have always had a passion to care for adult and elderly patients. I am excited to use my vast skills, knowledge, and experience to flourish as a Cardiology Nurse Practitioner with St. Lawrence Health," Ms. Saechao said.

She was born and raised in Ontario, Canada, and enjoys being outside in nature, along with skiing and running.

"My husband and I moved here from the West Coast to be closer to my parents as they approach their senior years. Family is important to me. Likewise, I tend to use a family-centered approach in my practice," Ms. Saechao noted. "I aim to build strong, long-lasting relationships with all my patients and their families in the beautiful Massena and Potsdam communities."
